

## Virtual CFO

Your business is growing, and it is becoming harder to keep up with accounting tasks. To support your business and make the best strategic decisions for you and your team, you need a more robust platform and the know-how to execute without investing in an in-house accounting team. We provide a turnkey solution to help you grow your company and make informed decisions, using financial data. Responsibilities can include:

- Execute the financial strategy of the company
- Manage financial controls and accounting procedures
- Ensure full transparency over the financial performance of the company
- Provide advice on how to increase revenue and reduce costs
- Effectively and clearly communicate potential risks in a timely manner
- Propose action plans to ensure that annual financial objectives are attained
- Maintain speed and accuracy of billings and client payments
- Coordinate and produce all tax documentation as required
